Summer  
2007

Volume 3  
Issue 10

It is hard to believe that 9 weeks of Summer Camp is coming to an end. We have had 9 wonderful weeks of swimming, sports, arts and crafts, cooking, waterslides, special events, music, flagpole, cooking and much, much more.

Going "Around the World in 5 Days" was a great way to spend Week 9. We played Croquet, (from Europe), What Time Is It Mr. Wolf?" (from Australia) and European Handball.

In cooking we made Mini Blinis (from Russia) and in Drama we pretended to go on trips to far off lands. Our special event for this week was the International Food and Fashion Show. Each group designed outfits from different countries (out of newspaper) and showed them off at our Fashion Show. After we enjoyed international snacks prepared by each camp group. We were treated to Fairy Bread (from Australia), Maple Pudding (from Canada), Coconut Bread (from Africa) and Wedding Cookies (from Mexico). Not only did we get to bake and cook, but we also had the opportunity to learn about the background of these snacks.

Our last day of camp was spent together as one big group. We started the day with "Flagpool" (Flagpole in the pool!), had fun in Hobby Hour and then shared one last "Friendship Circle". It was the perfect way to end the perfect summer!

Although camp has come to an end, we still have 2 more weeks of summer fun in our Mini Camp. For the next 2 weeks, campers will enjoy many of the activities that they have loved all summer. But, each day has it's own unique activities, so you may sign up by the day instead of the week.

We are also here at Sunset Lakes on most Broward County Public School's Teacher Planning Days as well as Winter and Spring Breaks. Please watch for emails updating you on these programs.

On behalf of the entire Camp Jernee family, we would like to thank you for allowing us to share this summer with your family. We will look forward to seeing you during the year and of course we will see you next summer.
